Setting the benchmark

Lubricant Transports fosters a culture of continuous improvement and innovation to ensure your project is a success in everything we do. The business is Multi-Functional and supplies Prime Movers with Semi and Extendable Trailers together with Rigid Crane Trucks for hire in various configurations (with or without operators) from stock that held for the purpose. Further to this, Tranz Logistics provides solution driven end-to-end crane truck project management service to companies operating in Mining, Construction and Government sectors with particular strengths in the Project Steel and CSG Markets. In addition we provide Linehaul Cartage, Warehousing, Training Skills and Project Management solution

Our core values

We are dedicated to our policy of “Constant improvement” in all activities. Experience has shown that this “Constant Improvement” usually takes place in small, easily attained increments over time. This “Constant Improvement” applies to all activities in which our Company operates. Staffs are actively encouraged to look for any area in which changes for improvement in operations, safety work practices or any other pertinent field may be implemented. Our company’s vision is to attract the best in the business – The best equipment, project and people. Our culture has been built from the ground up to set new standards of excellence for Logistic services. Through continual innovation, we have raised industry standards with our advanced planning and engineering, clear policies, robust procedures and experienced staffs. We deliver 5 star service with safety and reliability.

Work Safety: We place high priority on safe working methods.

XC

Quality Service: Customer Needs Personal Grooming Housekeeping Equipment Planning Ideas Growth We give Quality services and value for money to our customers.

Customer Needs: We will respond to our customer’s needs, encouraging them to feel a part of us.

Personal Grooming: Clean clothing is to be worn to and from work.

House Keeping: We will do a quality job with a strong emphasis on presentation. We will treasure our plant, equipment and assets. We will do the job well the first time.

Equipment: We will secure our own industry leading state of the art equipment.

Planning: Planning is important. Every minute that is invested in planning gives us a 30 minute bonus.

Ideas: We will search for ideas, innovations and opportunities to continuously improve our products and services. By knowing the strengths and weakness of our competitors, our diligent employees have helped our company prosper to a great extent.

Growth: The growth will follow applications of our core values and will be in direct proportion to the will of our people

Our purpose & vision

Our approach articulates our purpose, vision and values, which altogether help us achieve our aim of being the most successful logistics provider.

Our vision guides us in our efforts to achieve this and our values express what we stand for and how we will deliver results. We offer innovative, cost effective and high quality transport solutions, and Approach Each Project from the customer's point of view in order to offer a complete customer satisfaction. Tranz Logistics aim to be recognized as a Market Leader in the Truck Hire, Warehousing, Linehaul, Heavy Haul, Skills Training and Project Management sectors of the Global and Australian Market

- Energy and Utilities
- Civil
- Oil and Gas
- Building Industry
- Steel TRANSPORT

TRANSPORT LOGISTICS AND EQUIPMENT HIRE We support you with Transport Equipments for wet and dry hire. Wet hire involves Tranz Logistics providing the operator and any associated services. Dry hire involves long-term hire of our assets without an operator. **LONG TERM MAINTENANCE CONTRACTS AND PROJECTS** We provide you outside dedicated personnel and assets. We integrate our services and our people into your project or maintenance teams. We adopt a partnering approach with an agreed service Level Agreement and site specific key performances indicators. **HEAVY HAULAGE** Our extensive range of specialists' heavy haulage fleet provides you with transport services Australia wide

Our service

Our service offer is based on the right equipment, our operational expertise and our safety and quality systems.

Our current project includes services rendered in the mining and LNG industries throughout Australia and has vehicles dry hired to various other companies involved in these industries offering a fleet of vehicles that are specifically designed. The LNG & GLNG projects have secured itself as one of the largest natural gas projects in Australian history. The project now holds the title of the biggest project financing ever arranged on the international financial market. First production is expected at the end of 2016, with first LNG sales beginning in 2017 and continuing for about 15–20 years. Tranz Logistics are proud to be providing services towards the development and completion of this project. Our view is to provide similar services to the international market.

Lubricant Transports staff use their specialists knowledge to maximize the value generating elements of any transport solution. Each and every application is different and this is why at Tranz Logistics, we approach each application individually and flexibly. This ensures that Tranz Logistics customers are always offered a genuine “best value” solution to their transport requirements. Tranz Logistics is compliant with National Code of Practice for the Construction Industry and the Australian Government Implementation Guidelines. At Tranz Logistics safety is paramount, both to our customers and to us. We invest heavily in the safe delivery of our transport solutions and we adopt a stringent management policy to ensure that these standards are applied, maintained and that we are compliant with current safety innovation and implementation

Integrated Solutions

Our Divisions

A Total Logistics Solution

TRUCK HIRE

Tranz Logistics delivers Rigid and Prime Mover Crane Truck plus semi-trailer and extendable trailers to the Mainstream market and All Wheel Truck Solutions to the CSG, Mining, Construction, and Civil Industries to a client's project site. The client provides the licensed operator throughout the hire duration, or this can be organized by Tranz Logistics.

WAREHOUSING

Warehousing work with clientele in the storage aspect of their business. We can arrange storage globally and nationally utilizing our own fleet for a "one stop shop".

LINEHAUL SERVICES

Linehaul provides movement of cargo between major cities and ports across Australia.

UP SKILLING

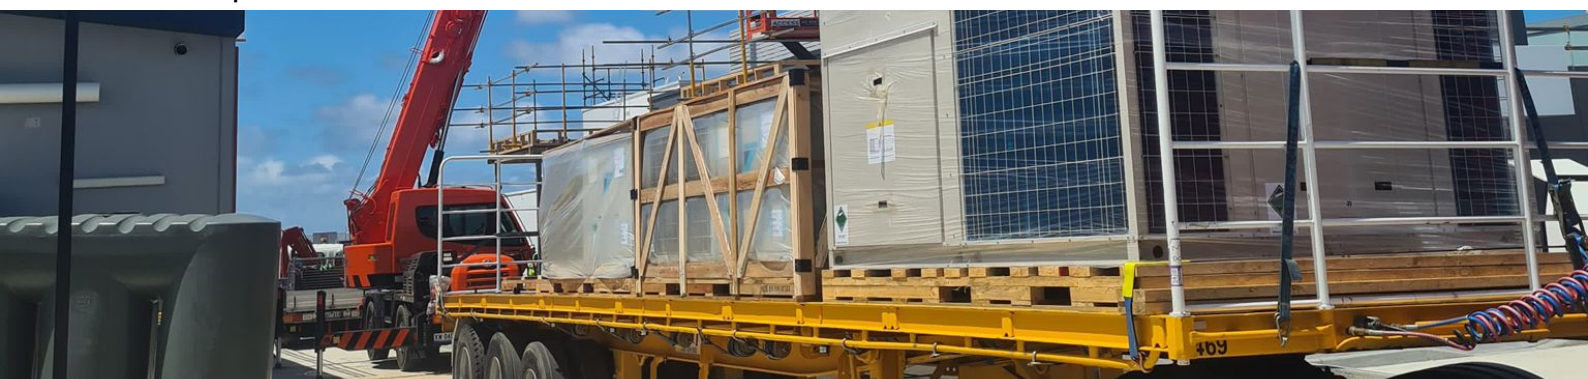

We provide for your complete licence and training requirements for construction and transport industry . Training courses are focused towards operational tickets needed to operate machinery and performing high risk work.

TRANSPORT HIRE

Transport Hire is Dry hire. Delivers transport equipment to client's project site, with or without an operator. The client provides the licensed operator throughout the hire duration.

PROJECT MANAGEMENT

Project Management designed to find, research, implement and manage specific projects around the globe, reporting to and keeping the client in complete control.

Our focus is on safety

Caring for the health and safety of our customers, people, environment and community drives all of our activities and decisions.

Our ultimate goal is to achieve injury and incident free work sites and zero environmental incidents.

Our integrated Health, Safety, Environmental and Quality Management Systems, ensure a company wide focus on the best practice.

Additionally, our cranes and equipments are well maintained for the safety of your team and ours, and to ensure that your projects remain on track without interruption.

Ensuring the safety and well being of our people, as we maintain our goal of zero harm is a discipline at Tranz Logistics.

TEAMWORK:

Contributing, listening, looking out for another and being accountable as individuals and as a team.

ACHIEVING:

Being our best so that our business thrives.

SAFETY ALWAYS:

People, Community, Equipment, Property, Environment.

OUR CUSTOMERS:

Driving for our customer's success.

OUR PEOPLE:

Our diversity and different skills make us strong.

Approach from the customer's viewpoint

Our objective is to achieve a successful result for our clients. It articulates our purpose, vision and values. Our vision guides us to achieve this.

As a customer, you can be assured that we have the experience in providing quality logistics services as we have successfully partnered with many Tier 1 companies such as Thiess, John Holland, Transcity, UGL and Onesteel reinforcing to complete nationally significant infrastructure projects.

As Tranz Logistics, we are very conscious with our beliefs when it comes to safety. This is why we ensure all our equipment is regularly serviced and maintained to a standard exceeding all national regulations.
